### COUNTY PLATFORM.

Resolved, That this Convention endorse the platform adopted by the Republican State Convention held at Reno on the 14th day of September, 1892.

Resolved, That the Republicans of Washoe county heartily endorse the nominees of the Republican State Convention, from Governor to State Printer, as honest, true and capable men.

Resolved, That the salary law of this State is, in our opinion, just and equitable, and a great benefit to the taxpayers of this county, and that it would be inexpedient to make any change therein.

Resolved, That the common schools of our county demand the fostering care of every good citizen. That their management should be placed in the hands of our best men, and that the different precincts of the county select such men for school officers.

Resolved, That the Republican party of Washoe county vote with concern a bankrupt treasury, the general depreciation of values throughout the State and the uncertainty of the near future—realizing the necessity for immediate and practical legislation in the direction of stern retrenchment and a wise and prudent administration of county affairs, and that our candidates for legislative and county offices be solemnly pledged to use their best endeavors to secure the needed legislation and desired economy in public affairs.

Resolved, That we recommend and heartily endorse the nomination of the Hon. C. S. Powning for Member of Congress, and C. S. Powning for State Senator.

Resolved, That we recall with pride the efforts of C. S. Powning in the Legislature of our State while acting as Senator from this county. Resolved, That we have known him from boyhood to manhood in Reno, and that we have ever found him temperate, moral, industrious and honest.

Resolved, That we feel confident that our candidate for Surveyor General is deserving the confidence and support of the people. That he is competent to fill the duties of the important office to which he aspires, and a gentleman whom we take pleasure in recommending to the voters of Nevada.

## MISCELLANEOUS.

### REPUBLICAN

STATE PLATFORM.

Resolved, That the honor and glory of the Republic, its continued peace, prosperity and progress will be the best served by the perpetuation of the Republican party.

Resolved, That in the tragic death of President Garfield our country has suffered a deplorable loss, and the Republican party mourns for one who consecrated a noble and heroic life to the vindication of its great purpose.

Resolved, That we have faith in the prudent and sagacious administration of President Arthur and believe it will result in promoting the best interests of the country.

Resolved, That the presence in our midst of a servile race of aliens, incapable of assimilation with our institutions, is a perpetual menace to all classes of society. The relief extended to that people by the passage of a law excluding the Chinese by a Republican Congress and approved by a Republican President, is a genuine cause of satisfaction. We are in favor of strenuously enforcing the provisions of said law, and we pledge the Republican party to labor now and henceforth to secure such further legislation as will permanently exclude the Chinese.

Resolved, That we recognize the paramount importance of maintaining unimpaired the free public school system of the State. We shall defend it against sectarian, political or other improper influences, and we favor such additional legislation as the condition and wants of the common schools of the State may require. As free institutions they should be conducted as to satisfy poor and rich alike, and upon this principle we urge the adoption of some system by which this State shall furnish the text books at the lowest possible figure.

Resolved, That owing to the remote position of Nevada from the seaboard and the entire absence of navigable waters and competing lines of railroads to and from commercial centers, we demand from Congress such wholesome and effective legislation as will place our people on terms of equality in respect to transportation charges with communities specially favored by railroad monopolies.

Resolved, That we pledge the Republican party of Nevada to such a course of enlightened legislation as will extend to railroad and all other corporations doing business in this State the same protection and the same rights before the law as are accorded to individuals—no more and no less.

And further, that the Republican party favors and demands, at the hands of the State Legislature, legislation regulating and equalizing freights and fares on all railroads within this State.

Resolved, That we are in favor of the Government of the United States establishing a postal telegraph service, and operating the same in connection with the Postoffice Department.

Resolved, That the coinage of silver should be placed upon the same basis as that of gold, and we invoke early Congressional legislation to that end.

Resolved, That it is the duty of the Legislature to enact such laws as shall reduce the expenses of the State and county government to the lowest possible limit consistent with the requirements of the public service.

Resolved, That the earnest attention of Congress and the State Legislature is directed to the subject of codifying the laws relating to the location and working of mineral lands to the end that legitimate prospecting and the development of our chief source of wealth may be best promoted.

Resolved, That the appropriation by a Republican Congress for the payment of pensions to invalid Union soldiers and to the veterans of the Mexican war, is the discharge of a debt of honor and law—a generous remembrance of our country's defenders in its supreme hour of peril.

Resolved, That in the judgment of this Convention the Legislature, when next convened, should make the necessary provisions for a convention to revise the entire constitution of this State. That in providing for such convention, well guarded restrictions should be made, defining the number of delegates, their compensation, and fixing the duration of its session. That we believe such a convention is a greatly demanded by the urgent necessities of the times, and among others for the following cogent reasons: First—To change the fundamental law so as to secure as nearly as may be equal and uniform taxation of all property subjected thereto. Second—To regulate and render equal and just to all the rates of passage and freight upon all railroads doing business in this State, to the end that our leading industries may be fostered and not oppressed, built up and not overthrown, and third—To secure the reduction of the expenses of the State to the minimum by disposing with all unnecessary officers and employees, tendering more speedy and economical the collection of public revenue, the execution of the law and the general administration of justice.

## THE STAR ROUTES

It is now stated that Gen. B. I. Butler has been retained to defend the Democrats in the next state trial. The General will probably have ample time to make his gubernatorial fight in Massachusetts before these cases are called for trial. If there be any loop-hole in the law by which these thieves can escape just punishment, there is no man in America more liable to find it than Gen. Butler. There is considerable comment respecting the disappearance of ex-Senator Spencer when wanted as a witness at the recent trial. As one of the government directors of the Union Pacific Railroad, it is generally understood that he represents the Interior Department, but Secretary Teller says there has been no complaint against Senator Spencer, and until there is, his Department has nothing with which to accuse him. It is stated, in behalf of Mr. Spencer, that he had been a very important factor in getting up evidence and giving information on which the government based its prosecution, and that the Senator thought for this service, voluntarily and cheerfully rendered, and without pay, he should have been exempt from summons as a witness, but that if it be deemed necessary by the Department, he will appear as a witness at the next trial. The Senator may be actuated by honorable motives in this matter, but it will be hard for him to convince the public that his absence was not a deliberate effort to avoid summons. The statement that the facts within his knowledge can be proven by other witnesses will not satisfy the public. Mr. Spencer should be compelled to take the stand and tell what he knows about that thieving action.

## OVER-MATCHED

It is quite apparent that our Democratic friends in Nevada are fearfully and wonderfully demoralized. They are greatly over-matched on the stump and in the personal of the tickets. The rank and file of the party are dissatisfied with the manner in which the Nevada Convention was run. A Convention composed of over a hundred delegates, with only fifty of the number present to participate in its deliberations, they do not consider a fair expression of the popular will. They declare the Convention had but one object in view, i. e., the nomination of Jewett Adams for Governor. The leaders try to put on a bold front, while they secretly believe with the rank and file that the party is woefully swamped.

## BLAINE NOT TO BE A CANDIDATE IN 1884.

Congressman Kasson, who is now in Washington, states that Blaine will not be a candidate for the Presidency in 1884; that his friends recognize that it would be folly for him to try to receive the nomination. He will therefore not be a candidate. He and his friends, however, intend to dictate the nominee, and Blaine expects to resume his place of Secretary of State under him. Then he will be re-elected. Kasson intimated that the man who Blaine intended to have nominated for President is Senator Allison, of Iowa.

## Death of a Millionaire.

Daniel Cook, the well known mining operator and millionaire, died at his residence in San Francisco, at half-past six o'clock Friday morning. The news was a startling surprise to those who were unfamiliar with Mr. Cook's physical condition. He has been an invalid for many months, yet his life was an active one. His death will be a sad loss to the business interests of San Francisco. Some three years ago Mr. Cook married the youngest daughter of the late Gen. D. D. Colton, and soon after curtailed his mining operations. His wife with a two-year-old daughter survive him. His funeral will take place to-day. Bishop Whitaker, an old and esteemed personal friend of the deceased received a dispatch on Friday, asking him to be present and conduct the funeral services, and in company with O. Derby, took the train for San Francisco Friday night.

## The Chasm Breached.

The New York Democracy stands once more united, John Kelley having been received back into full fellowship at their State Convention two weeks ago. He was taken in unwashed and unrepentant as he was, for without him there was not a ghost of a chance for the party to succeed in the ensuing election. It is now nearly seven years since Kelley and Tilden worked together in the same harness, the former with his delegation, being ejected from the St. Louis Convention in 1876 which nominated the sage of cypher alley for the Presidency, and the two factions have been at swords ends ever since. The Syracuse Convention healed all difficulties and resolved that the old sores should be remembered no more forever.

Five years ago the Democratic party through its press, on the stump and in conventions was loudly demanding "a repeal of the resumption act," but its clamor passed unheard and we resumed all the same. Twenty years ago we were told by our Democratic friends that the National debt never would and never could be paid, that instead of decreasing, it would go on increasing until the Nation became bankrupt and could no longer borrow from any source. The sequel shows they were mistaken in this as they have been in almost every stand their party has taken. The debt is being paid off at the rate of \$14,000,000 per month, and the Nation is able to borrow at 3 per cent. and the wealth of the world is anxious to invest in our securities at that figure.

At the Republican meeting Friday night Mr. Bishop called attention to the fact that thus far in the campaign neither the Democratic speakers nor papers had been able to say a word against a single candidate upon the Republican ticket, except our candidate for Congress, whom they accuse of being young and of having worked for a living before he was of age.

## A Temperance Lecture

About 5 o'clock yesterday morning Officer Nuttall was not find that a man was lying dead in a house on D street. In the hallway of a house on Union street was found the dead body of a Mrs. Bowen, formerly the wife of an engineer at the Savage mine. There were bruises about the face and eyes, and full play was at first suspected. Coroner Cobb made an autopsy yesterday afternoon, when it appeared that death was caused by congestion of the lungs, superinduced by the too free use of whisky. It is supposed that the bruises were caused by her falling upon her face. The occupants of the house said they knew nothing about the matter. Deceased was about forty-five years old.—Enterprise

## An Actual Fact.

The lady mentioned in the JOURNAL a few days ago, who had to sit down in the aisle of an emigrant car with her five children, was an estimable German lady, resident in Virginia City for the past ten years, and on her way to join her husband, a hardworking German brick-mason in Butte, Montana. Yet when she got in the car and traversed the aisle for a seat, two men, speaking the same language, and unquestionably Germans or Dutchmen, refused her a seat beside them. They occupied each one seat in the double compartment, the two others being empty. When the German lady came along, the JOURNAL reporter, who has known her in Virginia for at least nine years, asked the two men to remove their baggage aside so as to allow the lady and her children a seat. Instead of complying, the men, picking up extra baggage and putting it on the seat, replied with an oath, that they would not stir any more this side of Ogden. The lady then appealed to them in her native language, but without avail, and with tears in her eyes was compelled to sit down in the aisle amid the spit and filth with her five children. The conductor was next appealed to, and he immediately compelled the creatures to behave properly. They could scarcely speak a word of English, their language being translated by the lady, and from the conductor it was learned that they were emigrants from Europe, returning back to the Eastern States after just crossing westward and finding no place where they could locate.
